BLAST P

HEAVY DUTY POWDERED DRAIN CLEANER

Blast P is an off-white heavy duty powdered drain cleaner that has been designed to digest organic matter such as food particles, hair, fat and greases, lint and hard water soap deposits. It will not harm Pyrex, polyethylene and PVC drains, but should not be used on aluminium, galvanized iron or garbage disposal units. Blast P's unique effervescence and gas evolution causes a scrubbing action that accelerates the digestion and emulsification of matter causing drain blockages.

PROPERTIES

- Appearance : White powder.
- pH (10%) : N/A.
- S.G : N/A.
- Stability : N/A.

FEATURES

1. It is essentially odourless for use in food areas
2. It is safe on all drain pipes, septic tanks and cesspools
3. It contains biodegradable surfactants

USE DIRECTIONS

FOR CLOGGED DRAINS : Remove as much liquid as possible from the drains. Pour 0,5 – 1,0 kg Blast P in the drain depending on the size of the drain. Allow to stand for at least 30 minutes. Severe blockages may require several applications.

FOR SINK DRAINS : Add 100 grams Blast P to the drain and add 1 litre of water.

FLOOR DRAINS : To keep floor drains free flowing add 0,5 – 1,0 kg Blast P at regular intervals followed by 2 – 3 litres water.

SAFETY PRECAUTIONS AND FIRST AID

- EYES :** In the case of accidental eye contact, rinse freely with water and obtain medical attention.
SKIN : Wash off with water. Seek medical attention.
INGESTION : Give milk to drink. Seek medical attention.
INHALATION : Move to fresh air. Seek medical attention.
NOTE : DO NOT MIX WITH ANY CHEMICALS.
