INTENSIVE CLEANER

WATER BASED SOLVENT DETERGENT

Intensive Cleaner is an alkaline fluorescent clear foaming liquid cleaner containing solvents, grease cutters, emulsifiers and penetrants for efficient oil and grease removal. It can be mixed with water for lowest usage costs versus efficiency. Intensive Cleaner, being an extremely versatile product, can be used safely on most surfaces for removing a wide variety of soils. It is specifically designed for use on: Greasy floors especially the type encountered in food factories and specifically acid resistant tiles, kitchens for cleaning stoves, tiles, working surfaces, sinks, bathrooms for bath surfaces, showers, etc. Intensive Cleaner can be applied by high pressure and steam cleaning equipment, or simply by hand with the aid of a cloth, mop or brush.
