POWERFORCE

WATER BASED SOLVENT DETERGENT

Powerforce is a blue alkaline foaming liquid cleaner containing a blend of powerful solvents, grease cutters, emulsifiers and penetrants for efficient oil and grease removal. Powerforce, being an extremely versatile product, can be used safely on most surfaces for removing a wide variety of soils. It is specifically designed for use on: Greasy floors especially the type encountered in food factories and specifically acid resistant tiles. Brick and concrete drives and paving. Bathrooms for bath surfaces, tiles, showers, etc. Powerforce can be applied by high pressure and steam cleaning equipment, or simply by hand with the aid of a cloth, mop or brush. Because Powerforce contains free fatty alkalinity, care should be taken on painted surfaces. Aluminium surfaces may become dull after continued cleaning with Powerforce.

PROPERTIES

- **Appearance** : Slightly hazy blue liquid with solvents, mild alkalies, wetting agents, emulsifiers and penetrants.
- **pH (20%)** : 11,2 - 11,5.
- **S.G** : 1,03 approx.
- **Stability** : Stable to continued freeze / thaw cycles.

FEATURES

1. Economical concentrated formula
2. Free rinsing
3. High foaming
4. Easily dispersed into foam, high pressure and steam cleaning equipment
5. High solvency

USE DIRECTIONS

FOR GENERAL PURPOSE CLEANING AND DEGREASING : Powerforce is used as is.
HIGH PRESSURE CLEANING : Dilute 10 – 20 mils per litre water (1 – 2%)
STEAM CLEANING : Dilute 10 – 20 mils per litre water (1 – 2%)

SAFETY PRECAUTIONS AND FIRST AID

EYES : In the case of accidental eye contact, rinse freely with water and obtain medical attention.
SKIN : Wash off with water.
INGESTION : Give milk to drink. Seek medical attention.
INHALATION : Move to fresh air.
NOTE : DO NOT MIX WITH ANY CHEMICALS.
REF : POWERFORCE001
