ROYALE

LOW FOAM LAUNDRY DETERGENT WITH 5-STAR ACTION

Royale is a fully built, one-shot laundry detergent with superior washing power for removing even the toughest ground-in stains from all types of laundry work such as bed and table linen, clothing (except delicate fabrics), overalls, etc.

PROPERTIES

- Appearance : White powder.
- pH (10%) : N/A.
- S.G : N/A.
- Stability : Stable to continued freeze / thaw cycles.

FEATURES

1. Ideal for use in the home laundry machine and also larger industrial washing machines.
2. Makes colours and whites come out brighter.
3. Formulated to work in both hard and soft water areas.
4. Extra strong.

USE DIRECTIONS

Royale is added to the washing machine in the normal way through the soap hopper, or direct into the wash water. The amount to be added depends on the type of laundry being washed and also the degree of soiling. Best results are achieved with hot water.

Quantities of Royale added to the washing machine should be as follows:

- Pre-wash : First wash – 30 to 50 grams per 5 kg washing.
- Main wash : Second wash – 45 to 80 gram per 5 kg washing.

Where soiling is not so heavy, as for normal bed linen and clothing, only a single wash will be necessary. For single wash programs use the following quantity: 70 to 110 grams per 5 kg washing.

SAFETY PRECAUTIONS AND FIRST AID

EYES : In the case of accidental eye contact, rinse freely with water and obtain medical attention.
SKIN : Wash off with water.
INGESTION : Give milk to drink. Seek medical attention.
INHALATION : Move to fresh air.
NOTE : DO NOT MIX WITH ANY CHEMICALS.
