AUTOSOL

EMULSIFIABLE DEGREASER (Paraffinic)

Autosol is a ready to use concentrated emulsifiable degreaser that removes oily, greasy and gummy coatings by a simple cold spray application and water rinse. Autosol contains a carefully formulated blend of emulsifiers, detergents and penetrants that increases the cleaning properties of the solvents which allows greasy dirt to be easily rinsed away with water.

Autosol is effective for all types of heavy duty cleaning, transportation garages, auto repair shops, railways, petroleum industries, plant maintenance etc. Autosol can be used wherever oil and grease needs to be removed. Autosol can be used as a pre cleaner prior to steam cleaning, thus reducing costs and improve the quality of the work.

PROPERTIES

- Appearance : Straw coloured liquid.
- Odour : Typical Paraffinic.
- Rinsability : Good.
- Economical : Hi active content.

USE DIRECTIONS

General purpose degreasing.

Apply by low pressure. Allow 15 minutes dwell time before rinsing with high pressure water spray.

Heavy duty soak cleaning.

Dilute 1 Part Autosol to 8 parts paraffin. Allow articles to soak for 30 minutes before rinsing off with high pressure water.

Spray Washer.

Premix 1 part Autosol to 4 parts paraffin and then use 1 part of the mix to 50 parts water.

SAFETY PRECAUTIONS

Wear protective clothing when spraying Autosol. Avoid contact with skin, eyes and clothing. In case of accidental contact flush copiously with water and obtain medical attention. **DO NOT INGEST.**
