## WASH & WAX

### DUAL PURPOSE VEHICLE CLEANING LIQUID

Wash & Wax is an opaque coloured dual purpose vehicle cleaner containing powerful soil removing agents, as well as special soft emulsified waxes to leave a durable, lasting protective shine even on older vehicles.

### PROPERTIES

- Appearance : White liquid.
- pH (10%) : N/A.
- S.G : N/A.
- Stability : Stable to continued freeze / thaw cycles.

### FEATURES

1. Recommended for motor & commercial vehicles
2. Economical and safe to use
3. Biodegradable
4. Excellent rinsing

### USE DIRECTIONS

Wash & Wax can be applied by hand or through automatic car washing machines. To achieve the best results, dilute Wash & Wax around 1 part to 50 parts water. Higher dilutions can reduce the effect of the wax. The vehicle should first be hosed down (in the shade if possible) and then cleaned with the Wash & Wax solution. After rinsing, rub down with chamois leather or a soft cloth to achieve best results.

### SAFETY PRECAUTIONS AND FIRST AID

EYES : In the case of accidental eye contact, rinse freely with water and obtain medical attention.  
SKIN : Wash off with water. Minor risk.  
INGESTION : Give milk to drink. Seek medical attention.  
INHALATION : No risk.  
NOTE : DO NOT MIX WITH ANY CHEMICALS.
