TECHNICAL DATA SHEET

GP FROCE

WATER BASED SOLVENT DETERGENT

GP FORCE is an alkaline blue foaming liquid cleaner containing solvents, grease cutters, emulsifiers and penetrates for efficient oil and grease removal. It can be mixed with water for lowest usage cost versus efficiency. **GP FORCE**, being an extremely versatile product, can be used safely on most surfaces for removing a wide variety of soils. It is specifically designed for use on:

1. Greasy floors especially the type encountered in food factories and specifically acid resistant tiles.
2. Kitchens for cleaning stoves, tiles, working surfaces, sinks etc.
3. Bathrooms for bath surfaces, tiles, showers. Etc. **GP FORCE** can be applied by high pressure and stream cleaning equipment or simply by hand with the aid of cloth, mop, or brush.

ADVANTAGES

1. Economical – concentrated formula
2. Free rinsing
3. High foaming
4. Easily dispersed into foam, high pressure, and steam cleaning equipment.
5. High solvency

USE DIRECTIONS

FOR GERNERAL PURPOSE CLEANING AND DEGREASING:

GP FORCE can be diluted 10-20mls per litre (1-2%) preferably with warm water (approx. 50°C) depending on the severity of soil to be removed.

HIGH PRESSURE CLEANING: Use at 10-20mls per litre water (1-2%)

STEAM CLEANING: Use at 10-20mls per litre water (1-2%)

SAFETY PRECAUTIONS AND FIRST AID

GP FORCE contains alkaline material.

EYES: Flush with water. Seek medical attention

SKIN: wash with water. Apply moisturiser

INGESTION: Give milk with raw egg. Seek medical attention

INHALATION: Remove to fresh air if exposed to mist

NOTE: DO NOT MIX WITH ANY OTHER CHEMICALS.

Store in a dry safe place away from children.
