## TECHNICAL DATA SHEET

### LUCID

### WATER BASED SOLVENT DETERGENT

**LUCID** is an alkaline fluorescent yellow foaming liquid cleaner containing solvents, grease cutters, emulsifiers and penetrants for efficient oil and grease removal. It can be mixed with water for lowest usage cost versus efficiency. **LUCID** being an extremely versatile product, can be used safely on most surfaces for removing a wide variety of soils. It is specifically designed for use on: Greasy floors especially the type encountered in food factories and specifically acid resistant tiles Kitchens for cleaning stoves, tiles, working surfaces, sinks, bathrooms and bath surfaces, showers etc. Lucid can be applied by high pressure and steam cleaning equipment, or simply by hand with the aid of a cloth, mop, or brush. Because **LUCID** contains free fatty alkalinity, care should be taken on painted surfaces Aluminium surfaces may become dull after continued cleaning with **LUCID**.

### PROPERTIES

1. APPEARANCE: Slightly hazy yellow liquid with solvent, mild alkalise, wetting agents, emulsifiers and Penetrants.
2. pH (10%): 11.2
3. S.G.: 1.03 approx.
4. STABILITY: stable to continued freeze/thaw cycles.

### FEATURES

1. Economical concentrated formula
2. Free rinsing
3. High foaming
4. Easily dispersed into foam, high pressure, and steam cleaning equipment
5. High solvency

### USE DIRECTIONS

Dilute 10-20 mils per litre water (1-2%)

### SAFETY PRECAUTIONS AND FIRST AID

**EYES:** In the case of accidental eye contact, rinse freely with water and obtain medical attention  
**SKIN:** wash off with water. Seek medical attention  
**INGESTED:** Give milk to drink. Seek medical attention  
**INHALATION:** Move to fresh air

**NOTE: DO NOT MIX WITH ANY OTHER CHEMICALS.  
Store in a dry safe place away from children.**
